

Todd and Mary Jo Fetsch are skiing - down hill and cross country. And it sounds like they're into antiques, music, and cutting wood for their heat.

Dick and Helen Pederson have moved to the San Francisco area - Dick transferring to Region 5 of the Forest Service. Helen is already working part time at the YMCA.

Doug and Katie Anderson made a change this year - Doug has a new job opening a St. Paul branch of Hammond Mortgage Corporation. Katie was involved in a house tour this last summer of the houses in their neighborhood.

Ladd and Lydia Loss have an Oregon address, but have spent the last year traveling around the country, to the South Seas, and to New Zealand - a total of about 42,000 miles!

Phil and Sue Zietlow have been busy creating a new house out of their old - raising the roof, knocking out walls, adding basement, redoing the kitchen, etc. Phil still has his bees and Scout troop. Both are active in Marriage Encounter.

Don and Darcey Pederson spent two weeks in Hawaii - when Don put in two weeks of Navy Reserve training. The family has been back packing and cross country skiing.

Bill and Claudia Hustrulid are back in Colorado - Bill is Professor of Mining Engineering at the Colorado School of Mines. This time they bought a house - a tibble design, in the mountains - and have added a hot tub on their deck. Their new "pet" - a personal computer!

Hayne and Diane Sudheimer have turned part of their acreage into a huge garden - producing lovely fruits and vegetables. Just before Christmas Diane had surgery to remove a cancerous growth and has had follow-up radio therapy. (A speedy recovery to you, Diane!)

Bob and Jan Marx are all set to take the family skiing again this year - driving with friends to Sutton, Canada.

Tom and Vicki Engel moved back to the Twin Cities area last summer. There were some major repairs - like broken pipes, etc. - to be made on their new house. But after all the initial work and clean-up, they're glad to be settled in.

Noel and Joan Larson are still beekeeping, hiking, etc. They have been working on a family history, using the nearby National Archives. (Lars is gone - replaced by two cats!)
